Dear Rhoberta:

Thank you so much for donating your time to come and speak to our professional women accountant's group on 10 Tips for Tense Times. You were an enthusiastic and energetic speaker who really related to your audience and you provided a great deal of useful information in a down to earth and humorous manner. I really enjoyed your tips, but more importantly, I thoroughly enjoyed the manner in which they were presented.

While about half of our members are CPA's who receive CPE credits from our educational programs, all of our members benefit from the continuing education we provide. Your presentation seemed to appeal to all levels of our group.

Thank you again for speaking to our group. I would definitely recommend you to other groups or ASWA chapters, and hope to see you speak again sometime in the future.

Sincerely,

Karen Doane
Program Chair
